

1st HALO Symposium:

Airborne Research with HALO: Achievements and Prospects

14 – 16 March 2017 | DLR – Oberpfaffenhofen

Call for Abstracts

The conference will summarize the scientific results obtained in the first years of measurements with the research aircraft HALO. Furthermore, planned HALO campaigns will be introduced. Talks and posters will be presented in four sessions in English language.

- Sessions:**
- A** Aerosols, Clouds and Precipitation
 - B** Transport and Dynamics in the Troposphere and Lower Stratosphere, Atmospheric Coupling Processes
 - C** Transport and Transformation of Chemical Composition: Multiphase and Photochemical Processing
 - D** Geodesy and Geophysics

Abstract Submission Deadline: 30 January 2017

Please submit your abstracts using the template at <http://www.halo-spp.de/Meetings/> to joerg.schmidt@uni-leipzig.de
